USAGE

You may use the font to create non-editable imagery, including logos, banners and other graphic materials, except where characters of the font are the sole or primary feature of any item to be sold or distributed. Usage is subject to the restrictions included in this license. You may not offer individual Weathersbee Type Fonts for download on a website, alter them in any way or offer them for sale or direct download. I appreciate inclusion of the font name or site URL in the credits or documentation when it is used but this is not mandatory.

RESTRICTIONS

Usage of the Font (or its likeness) in motion picture or television requires special licensing. Usage of the Font in apps, eBooks, Games, or any other material which involves the embedding of the typeface requires special licensing. Usage of the font in logos for companies with an annual gross revenue of more than \$5 million requires special licensing. The Font may not be used to produce alphabet products or other materials – for sale or for free – where the font or its likeness is the primary feature of the item(s). The font may not be used to create customizable products using the Font where the font is typeset in any way by an end user.

Special licensing may be available for any of the above restricted usages; contact Derek Weathersbee for special requests.

SUPPORT

Font installation help is available at <http://www.myfonts.com/support>. If you experience problems with any Weathersbee Type Freeware font (such as spacing issues or missing characters), please verify that you have the correct version of the fonts. In the case of Freeware fonts, downloading the font directly from my site will ensure your files haven't been altered. I will not offer support for Freeware fonts, but please feel free to bring to my attention anything you think I should be aware of.

Software Inclusion Agreement

The Weathersbee Type SOFTWARE PRODUCT is protected by copyright laws and International copyright treaties, as well as other intellectual property laws and treaties. The SOFTWARE PRODUCT is licensed, not sold.

1) **GRANT OF LICENSE** This document grants you the following rights:

Usage of the font to create graphics, posters, logos and other forms of communication in which the final image which includes the font is not editable, and the font itself is not included.

Installation and Use. You may NOT offer Weathersbee Type freeware fonts for direct download except for by permission by Derek Weathersbee. Instead, please direct users to derekweathersbee.com to download fonts. The font is licensed to be used by one entity, by only the number of users indicated by your purchase. A user is considered either a separate machine or person, with the type being used for purposes of the licensed party. You may use free or pay-what-you-want fonts as web fonts once per purchase (on one domain) using the @font-face rule. This may be modified (the @font-face limit) only if an agreement is made by both parties (purchaser and Weathersbee Type). A separate purchase is required for each website on which the font will be used with the @font-face rule.

2) **WARRANTIES (NONE)** Weathersbee Type expressly disclaims any warranty for the SOFTWARE PRODUCT. The SOFTWARE PRODUCT and any related documentation is provided “as is” without warranty of any kind, either express or implied, including, without limitation, the implied warranties or merchantability, fitness for a particular purpose, or non-infringement. The entire risk arising out of use or performance of the SOFTWARE PRODUCT remains with you.

No Liability For Consequential Damages. In no event shall Derek Weathersbee or Weathersbee Type be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this product, even if Weathersbee Type has been advised of the possibility of such damages.

3) **MODIFICATION OF LICENSE** Weathersbee Type (Derek Weathersbee) reserves the right to amend this license at any point, to restrict usage of the font, require compensation for specific uses, or clarify any matter – at the discretion of Weathersbee Type – that is necessary to ensure fair usage and fair compensation. In the case of changes which require action by users of the font, you agree to take the proper action to ensure you continue to operate under the terms of the revised license or discontinue using the software.

This agreement is governed by and subject to the laws of the United States of America.
